

Day 6: Worksheet

Create an Audio Version of Your Post

1. Edit your blog post as needed for your podcast script
2. If your blog post is a lengthy one, identify how you'll break it up into multiple podcasts

| Podcast Title | Key Points |
|---------------|------------|
| | |
| | |
| | |
| | |
| | |

3. Include your Call to Action in your script
4. Record your audio, using the free Audacity software or your recording software of choice. Export it as an .mp3 file, ready to upload and share.
5. Complete the 'Where to Share' checklist. Share in as many places as possible.
